- Locating Acupoints : The enclosed handmaps help you to effectively locate Acupoints.

FEATURES

- Locating Acupoints : The enclosed hand maps help you to effectively locate Acupoints.
- Boosting Blood Circulation : Using magnetic waves to stimulate Acupoints results in improved blood circulation much like in traditional Acupuncture.
- Magnetism Effect : Magnetic waves magnetise the body's fluids and enhances the immune system's ability to fight disease.
- Improving Health : An enhanced immune system helps prevent illness and disease.
- Dual Relieve Method : By using two connection points on the body it ensures that the treatment is most effective.
- Easy to Operate : The device is safe, easy to use, and suitable for the whole family.
- Light & Portable : Take it anywhere anytime.
- LCD Display This indicates the power of the magnetic wave and allows you to see the elapsed time of treatments.

PKR: 12350/-

A woman in a white tank top and orange pants is captured mid-jump on a sandy beach. She is holding a long, flowing orange cloth that arches high into the sky. The background features a clear blue sky, a calm blue ocean, and a sandy shore. A semi-transparent blue horizontal band is overlaid across the middle of the image, containing white text.

When 'i' is replaced by 'we'
even "illness" becomes "wellness"
